

Our Stores

Treknology Bikes 3 was established to bring the best quality service and bicycles together under one roof. With store locations in Central (Tanglin), Northern (Sembawang), Western (Holland Grove) Eastern (Big Splash and Upper East Coast), we can be of service to a large percentage of Singapore's cycling enthusiasts.

Recently, we set up Singapore's first Trek Bicycle Concept Store in order to serve you better. This means you can expect expert fitting, professional assembly as well as accessories know-how to complete your cycling experience.

Our excellent service also means that you will always find someone friendly to talk to about which bike is best for your riding style. And to answer any other questions you might have along the road to purchasing your bike. Our stores are the ideal place for everyone from the devoted cyclist to the first-time customer who may want a bike for fitness or recreation.

Currently, we sell a full range of Trek bikes and bicycling accessories that include, Litespeed, Gary Fisher, Mirraco bikes. We also stock quite a number of Litespeed and Merlin framesets.

As for components, we have a full range of Rock Shox, SRAM road and mountain groupsets, Bontrager wheelsets and rims and assorted cycle wear from hats to gloves to jerseys and shorts.

In addition to this, we have a wide selection of cycling footwear from Shimano, Nike, Gaerne and others. To view the full selection, you really have to make a trip down to the store to appreciate the variety.

At present, this website only contains information about the bikes that we sell and that too isn't a complete list.

All product specifications are subject to change without prior notice. Check in the shop for the most current configurations and prices.

Not all the bikes are available in all the stores. Call to avoid disappointment.

All sales are in store only. We do not sell bikes via mail order...at any cost.

Visit the FAQ page cos it may have the answers you're looking for.

This 3,500 square foot flagship store boasts the most extensive selection of bikes of the three stores with enough choices in all frame sizes, materials and colors to cater to the most finicky biker or biker wannabe. Located in the residential area of Mount Sinai, the store attracts its fair share of regulars that come in to check out new arrivals and swap cycling stories.

The store's half-dozen staff are active in the local cycling scene. All of the service personnel are or have been active in the local cycling scene. With a big private carpark for test rides, this store is a customer's dream.
